

Scanning from Nurses Station

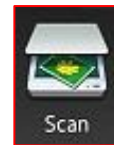

Guide:

Each Nurses Station with a Brother Print/Fax/Scanner, is capable of scanning documents directly to the Nurses Station desktop computer. There is no need to walk to the large Konica Minolta machines in the clubhouse or skilled unit. Here are the steps...

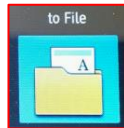

1) Place paper in scanner tray and press the "Home" icon on the control panel.

2) Press the "Scan" icon on the control panel

3) Press the "to File" icon, then press "Start"

The electronic scan will be placed in the folder found on the Desktop named "BROTHER SCANS".
